

India Japan STI Forum at Keio University

Call for Abstracts

Co-Creating Future Societies through Cultural Value Innovation

4th India Japan Science Technology and Innovation (STI) Forum 2026

Academic Seminar and Open Forum at Keio University

Organized by

Keio University and Indian Institute of Science (IISc)

Date: 15-16 December 2026

Venue: Keio University, Mita Campus

Context

India Japan Science, Technology and Innovation Forum will have two components. Day 1 (15th of December) aims to provide a high-level dialogue platform for researchers, innovators, policymakers, industry leaders, and students from both countries. Day 2 (16th of December) will be an academic conference involving researchers from both the countries. With specific focus on cultural connect, and cultural value innovation, the conference will facilitate exchange of ideas, identify emerging collaborative opportunities, promote joint research and innovation ecosystems, and strengthen institutional partnerships between universities, industries, and research organizations. The event is expected to contribute toward a long-term India Japan STI collaboration framework supporting inclusive, sustainable, and human-centered innovation in Asia and beyond.

The submitted abstract should be aligned with one of the conference's key themes and must not exceed 250 words. Hybrid modes of both online and offline presentations will be accepted.

Conference Themes

Theme 1: Geopolitics and International Relations

Theme 2: Development, Environment, and Disasters

Theme 3: Technology for Innovative Learning

Theme 4: Culture, Value, Innovation

Key dates
